About Nova Scotia Health

Nova Scotia Health (NSH) operates hospitals, health centres, and community-based programs across the province. Our team includes employees, physicians, researchers, and volunteers who work together to provide a full range of health care services.

About Nova Scotia

Located on the east coast of Canada, Nova Scotia offers four seasons' worth of adventure. Hike soaring seaside cliffs, experience fine dining and culture on bustling city streets, and be the type of physician you truly want to be. Nova Scotia is big enough to provide endless opportunities, but small enough to make those opportunities your own. Become a key part of the community—both professionally and personally—wherever you decide to live.

Practice Opportunities

We have full-time, part-time, and locum opportunities available throughout the province in both family practice settings and specialties. We also offer a range of incentive programs to help you get settled.

Incentive and Support Programs

Nova Scotia offers a variety of generous incentive programs including:

- Site visit program
- Relocation allowance program
- Rural specialist incentive program
- Family medicine, GP+1 and specialists incentives through the Department of Health and Wellness

For details on these programs and current practice opportunities, please contact physicianrecruit@nshealth.ca or visit morethanmedicine.ca.

Nova Scotia Health Hospitals and Health Centres

Physicians in Nova Scotia provide fulfilling patient care which embraces family life, professional development, and community involvement. That's what makes practicing medicine in Nova Scotia unique. Physicians are increasingly attracted to practices that offer team-based care to their patients and allow them to consult with their peers. The size and scale of Nova Scotia allows for better connections across the health care system.

Your practice of medicine and your life is richer here.
